

PAST MEETS FUTURE

THE NEW MONTAUKS: BORN FROM A LEGACY OF INNOVATION

BOSTON
WHALER

BUILDING ON HERITAGE

Classic heritage meets cutting-edge capability in every new Boston Whaler Montauk®, redesigned from the keel up for model year 2018. These nimble center console models — the 150, 170, 190 and 210 — each brilliantly combine rugged, “hose-and-go” utility with thoughtful, modern comfort.

Beloved for generations, the Montauk frequently springs to mind when boaters recall childhood summers spent on a grandparent’s boat, up before dawn fishing, swimming, or just savoring that wind-in-your-hair, sea-scented freedom. And while the new Montauks retain all the elements that contribute to their enduring popularity, they also reflect improvements in comfort, functionality and versatility that bring them squarely into the future — and demonstrate Whaler’s singular approach to design, engineering and manufacturing.

150 MONTAUK

Meet the new 150 Montauk®, a boat that exemplifies the Montauk family's heritage of ease and empowerment. A no-nonsense center console design provides plenty of room to maneuver, while the intuitive helm station and reliable Mercury® FourStroke engine ensure efficient, turnkey operation. Highly capable for both watersports and fishing, the 150 Montauk includes a standard galvanized trailer with swing tongue and LED lights for safe, easy transport. Stowing your Montauk in a compact garage or driveway couldn't be easier. Choose from a variety of available fishing features including cutting-edge Raymarine® Axiom™ electronics packages, and add the optional Fusion® AM/FM stereo with Bluetooth® capability to color your days with the perfect soundtrack.

1) **Optional Accessories** | The new Montauk models are designed for easy customization to suit your preferred activities. Additional fishing options include dedicated tackle storage in the console, and a trolling motor panel with battery box and wiring.

2) **Angling Upgrades** | The optional Fishing Package adds a compass, a 36-quart cooler with cushion seat and backrest, console-mounted rod holders and more. An optional bow pedestal fishing seat is also available, providing an ideal perch for avid anglers.

3) **Right-Sized Storage** | True to its Whaler name, the 150 Montauk features smart storage solutions throughout, including partitioned storage at the top of the helm, and an anchor locker built to accommodate the most popular after-market anchors.

170 MONTAUK

Fall in love all over again with the new 170 Montauk®. This nimble center console model is incredibly user-friendly and perfect for active families seeking a hassle-free way to get out and enjoy the water. Reliable Mercury® power provides all the get-up-and-go you need to chase thrills behind a tow-rope, while Whaler's precision-engineered V-hull slices cleanly through the water to deliver a soft, dry ride. A variety of features and options are available to suit anglers' needs, including a new integrated fishbox, plenty of rod holders, and the latest fish-finding electronics from Raymarine®. And, befitting Boston Whaler's 60th anniversary year, the 170 is available with a teak accent package that coordinates beautifully with the boats' clean, timeless aesthetic.

1) **Powerful Propulsion** | Count on the standard Mercury® FourStroke engine to provide reliable power and leading fuel efficiency. Clean, quiet operation means conversation is uninterrupted, even at speed. And Mercury's hard-coat anodizing process means superior corrosion protection for the long haul.

2) **Step Aboard** | The 170 Montauk features a fiberglass swim platform with grab rail and telescoping stainless steel swim ladder, making it easy for swimmers to enter the boat from the water. Upgrade to the teak package for a retro-stylish touch.

3) **Superior Seating** | A reversible pilot seat with locking backrest provides ergonomic comfort while underway or at rest, and converts to face aft when the action heats up. Two aft bench seats with backrests are also available on the 170 Montauk.

190 MONTAUK

Step aboard the new 190 Montauk® and you'll be struck by the huge amount of space in this versatile 19-footer. Every inch is maximized, giving you and your passengers plenty of room to spread out. And it's easy to customize the 190 Montauk to suit your preferred activities: Choose the optional Fishing Package to gain a 72-quart cooler seat, dedicated tackle drawers and console rod holders. Add the available Fusion® stereo with JL Audio® speakers to keep the music blasting all day long. Or upgrade to the 150-hp XL Mercury® engine with hydraulic steering for hair-whipping watersports performance. No matter what the day has in store, the 190 Montauk is ready and waiting to go, go, go!

1) **Confident Command** | An intuitive helm station makes it easy for boaters of all experience levels to operate the 190 Montauk. Electronics upgrades including state-of-the-art Raymarine® Axiom™ packages are also available to enhance fish-finding and navigation capabilities.

2) **Aft Seating** | Choose the optional port and starboard aft seating and gain two comfortable chairs, complete with removable backrests and base cushions — perfect for inviting additional fishing buddies to tag along.

3) **Weather Protection** | The Montauk's optional powder-coated T-Top includes 5 rod holders and a storage bag. Durable canvas stretches overhead to provide welcome shade on hot days or keep the rain at bay.

210 MONTAUK

The flagship of the new Montauk® family, the 210 Montauk, embodies all the characteristics that have long made this series so popular. Effortless to operate and incredibly durable, the 210 Montauk features a precision-engineered hull designed to ensure a soft, safe, dry ride. Choose the optional Fishing Package and gain a 94-quart cooler seat, rod holders and tackle drawers, or go with the Deluxe Leaning Post option to add a 30-gallon livewell and raw-water washdown. If casual cruising is more your speed, the optional bow backrests enhance comfort and versatility, and the available Teak Package lends a touch of vintage flair to the boarding steps, swim ladder and helm footrests. Wherever you may roam, count on the standard galvanized trailer to transport you smoothly to the boat launch and back.

1) Smart Storage | A convenient forward storage compartment keeps extra gear tucked safely out from underfoot, and is designed to accommodate the most popular anchor models. Overboard drainage whisks unwanted water away.

2) Casting Space | The wide-open aft deck encourages anglers to throw themselves into the action. With rod holders placed strategically around the cockpit, your fishing arsenal is always close at hand.

3) Take a Bow | With the optional drop-in, padded bow backrests and plush bow cushion, this zone becomes the most prized seating area in the boat. Catch rays or catch bass; the 210 is ready for any challenge.

150 MONTAUK - SPECS/STANDARDS & OPTIONS

L.O.A.: 15' 5" (4.70 m)
 Beam: 6' 6" (1.98 m)
 Draft (boat only): 9" (0.23 m)
 Weight (dry, no engine): 950 lbs (430 kg)
 Maximum Weight Capacity: 1,250 lbs (567 kg)
 Swamped Capacity: 2,400 lbs (1,089 kg)
 Persons Capacity: 6

STANDARD EQUIPMENT

All hardware 316-L stainless steel
 All rails welded 316-L stainless steel
